2023-24 Budget for the times

ACKNOWLEDGEMENT **TO COUNTRY**

We acknowledge the Koinjmal, Widi, Birriah, Barada Kabalbara Yetimarala, Jangga, Barada Barna, Wirdi Peoples as the Traditional Custodians of the lands and waters throughout the Isaac region and their enduring cultural connection to country and community.

We pay our respect to the Elders past, present and emerging for they hold the stories, culture and traditions of Aboriginal and Torres Strait Islander Peoples.

Our relationship with Traditional Custodians and other First Peoples communities will shape a shared future that celebrates First Peoples history and culture as the foundation of our region's collective identity.

OUR VISION, GOAL AND VALUES

VISION

Helping to energise the world.

A region that feeds, powers and builds communities, now and for the future.

GOAL

To pursue long-term sustainable futures for Isaac's communities.

VALUES

Community focus

We engage and communicate authentically with all Isaac communities to understand both their common and specific needs. We will continuously improve how we address those needs to help future-proof our region.

Caring

We are committed to working safely and caring for the safety and wellbeing of our people and communities. We believe that people matter.

Teamwork

We expect respectful relationships in our work together, to achieve. We cultivate commitment through shared purpose, to create value.

Positive work ethic

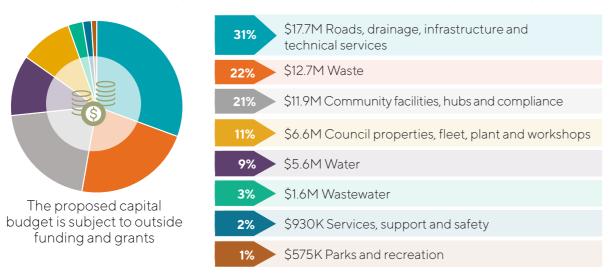

We do our best every day to have pride and enjoyment in our work. We display accountability, transparency, procedural consistency and integrity. We seek the highest possible practical outcomes in everything we do. We practice the knowledge that how we do things is just as important as what we do.

At Isaac, the how matters.

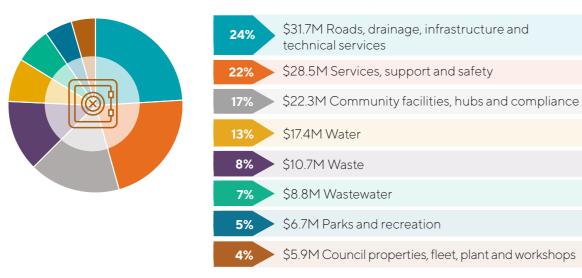

2023-24 BUDGET AT A GLANCE

We use this money for renewing and upgrading our roads, replacing or improving water and waste infrastructure and long-term projects like multi-phase community facilities' upgrades.

This is what keeps things working at Council and supports the day-to-day delivery of services to our region. Whether it is our staff expenses, road maintenance, community programs, mowing our parks or the cost of running our water, wastewater and waste management facilities, these and more come from this operational budget.

THE MAYORAL BUDGET ADDRESS

Budgeting for difficult economic times for households and businesses is tough.

This budget would have to be among the hardest I've delivered in my 12 years as Mayor of the Isaac region.

There is no way to sugar coat this; cost of living pressures has pushed us to make some tough decisions to address cost challenges.

In developing the budget, we have kept the shared cost pressures faced by our communities at the forefront of our decision-making.

We have made concerted efforts as a team that lives and breathes our region. Thank you to my fellow Councillors, the Council's executive leadership team and the staff for your work and recognising the financial burdens and stress placed upon our residents, local businesses, and organisation.

The impact of global events, inflation, and rising operational costs have created an environment where we need to constrain spending and renew our focus on core services.

Council has taken a thoughtful and measured approach to the budget process, understanding the financial pressures we are all facing.

We have limited the rates increase to 4 per cent for residential households while still ensuring we provide essential services, infrastructure development, and community programs.

This decision was made with careful consideration for the impact on households, with most ratepayers seeing an increase of \$2.75 or less a week.

As we navigate these uncertain times together, Council reaffirms its commitment to responsible financial management.

Council's capital budget will be offset by increased advocacy efforts for external funding.

Our capital program is \$57.6 million and for larger projects we will be seeking grant funding while advocating to all levels of government to contribute their fair share.

Core services will see the major investment with roads receiving \$17.7 million, water \$5.6 million and waste \$12.7 million on top of the operational budgets.

This budget is a testament to our dedication to addressing cost pressures and promoting the long-term sustainability of our 17 unique communities.

\$930,000 FOR SERVICES, SUPPORT AND SAFETY

Regional installation of new flood monitoring devices

Upgrades at the Local **Disaster Coordination Centre** in Moranbah

The Local Government Act 2009 (the Act) and Local Government Regulation 2012 require local governments to consider the longer term when managing their finances.

Copies of the relevant sections of the legislation and the requirements of Council has been included in this document for the purpose of informing the community of this obligation.

Isaac Regional Council has taken this responsibility seriously and has been working to ensure that while this is a legislative requirement, it is also a good governance and management practice to ensure that the Council remains financially viable (b) sustainable development and planning becomes part of the way that we regularly do business.

The Act provides autonomy in preparing their budgets. However, with autonomy comes accountability, and a set of Local Government principles are contained, within Section 4 of the Act.

To ensure the system of local government is accountable, effective, efficient and sustainable, Parliament requires:

(a) anyone who is performing a responsibility under this Act to do with these guiding principles. so in accordance with the local government principles; and

(b) any action that is taken under this Act to be taken in a way that -

> (i) is consistent with the local government principles; and (ii) provides results that are consistent with the local government principles, in as far as the results are within the control of the person who is taking the action.

The local government principles are –

(a) transparent and effective processes, and decision making in the public interest; and

and management of assets and infrastructure, and delivery of effective services; and

(c) democratic representation, social inclusion and meaningful community engagement; and

(d) good governance of, and by, local government; and

(e) ethical and legal behaviour of councillors, local government employees and councillor advisors.

Council's 2023-24 Budget has been prepared in accordance

OUR PLAN OBJECTIVES

The Budget for the 2023-24 financial year is derived from the key strategies defined in our 20-year Community Strategic Plan, 5-year Corporate Plan, and our Annual Operational Plan.

Our 20-year Community Strategic Plan - Isaac 2035 is a blueprint for Council's long-term vision for the Isaac region.

The 2023-2028 Community-Corporate Plan will act as a building block towards successfully delivering these objectives through the identification of key goals, strategies and performance indicators to achieve our vision.

The Annual Operational Plan is a framework for our operational delivery and targets over the next 12 months.

enabling a changing world

engaged communities

inclusive growth for a progressive economy

liveability through design and infrastructure

vibrant natural assets

governance for accountability

In accordance with the Local Government Regulation 2012 section 16, the following documents are to be included in the budget presented to Council:

1. A local government's budget for each financial year must-(a) be prepared on an accrual basis; and

(b) include statements of the following for the financial year for (g) finance costs; which it is prepared and the next two financial years-

> (i) financial position; (ii) cash flow; (iii) income and expenditure; (iv) changes in equity.

2. The budget must also include-(a) a long-term financial forecast; and (b) a revenue statement; and

(c) a revenue policy.

3. The statement of income and expenditure must state each of the following-(a) rates and utility charges excluding discounts and rebates; (b) contributions from developers; (c) fees and charges; (d) interest; (e) grants and subsidies; (f) depreciation; (h) net result; the estimated costs of-(i) the local government's significant business activities carried on using a full cost pricing basis; and (ii) the activities of the local government's commercial business

> units; and (iii) the local government's significant business activities.

4. The budget must include each of the relevant measures of financial sustainability for the financial year for which it is prepared and the next nine financial years.

5. The relevant measures of financial sustainability are the following measures as described in the financial management (sustainability) guideline -(a) asset sustainability ratio; (b) net financial liabilities ratio; (c) operating surplus ratio.

6. The budget must include the total value of the change, expressed as a percentage, in the rates and utility charges levied for the financial year compared with the rates and utility charges levied in the in the budget for the previous financial year.

7. For calculating the rates and utility charges levied for a financial year, any discounts and rebates must be excluded.

8. The budget must be consistent with the following documents of the local government-(a) a corporate plan that incorporates community engagement; (b) its annual operational plan.

9. In this sectionfinancial management (sustainability) guideline means the document called 'Financial Management (Sustainability) Guideline 2013', version 1, made by the department.

FINANCIAL MANANAGEMENT AND ACCOUNTABILITY

In accordance with the Local Government Act 2009 section 104, each local government must establish a system of financial management that complies with the requirements prescribed under a regulation and must regularly review the performance of its system of financial management.

1. To ensure it is financially sustainable, a local government must establish a system of financial management that-

(a) ensures regard is had to the sound contracting principles when entering into a contract for-

> (i) the supply of goods or services; or (ii) the disposal of assets; and (b) complies with subsections (5) to (7).

2. A local government is financially sustainable if the local government is able to maintain its financial capital and infrastructure capital over the long-term.

3. The sound contracting principles are -

(a) value for money; and (b) open and effective competition; and (c) the development of competitive local business and industry; and (d) environmental protection; and (e) ethical behaviour and fair dealing.

4. A contract for the supply of goods or services includes a contract about carrying out work.

5. The system of financial management established by a local government must include-(a) the following financial planning documents prepared for the local government-

(i) a five-year corporate plan that incorporates community engagement; (ii) a long-term asset management plan; (iii) a long-term financial forecast; (iv) an annual budget including revenue statement; (v) an annual operational plan; and (b) the following financial accountability documents

prepared for the local government-(i) general purpose financial statements; (ii) asset registers; (iii) an annual report;

(iv) a report on the

results of an annual review of the implementation of the annual operational plan; and

(c) the following financial policies of the local government-

(i) investment policy;

- (ii) debt policy;
- (iii) revenue policy.

(6) A local government must ensure the financial policies of the local government are regularly reviewed and updated as necessary.

(7) A local government must carry out a review of the implementation of the annual operational plan annually.

(8) To remove any doubt, it is declared that subsection (1) (a) does not require equal consideration to be given to each of the sound contracting principles.

POLICY

OBJECTIVE

To provide Council with a contemporary Investment Policy based on an assessment of counterparty, market and liquidity risk within the legislative framework of the Statutory Bodies Financial Arrangements Act and Regulations.

SCOPE

This policy applies to the investment of all surplus funds held by Isaac Regional Council in accordance with investment powers under Part 6 of the Statutory Bodies Financial Arrangement Act 1982 (SBFAA). For the purpose of this policy, investments are defined as arrangements that are acquired or undertaken for the purpose of producing income and/or capital gains.

DEFINITIONS

TERM / ACRONYM	MEANING
Council	Isaac Regional Council.
CEO	The person appointed to the position of Chief Executive Officer under the Act and anyone acting in that position.
Another Employee	All employees of Council including Executive Directors and Managers, but excluding the Chief Executive Officer.
Investment Officers	Employees engaged in activities related to the physical investment of funds.
The Act	Local Government Act 2009.
SBFAA	Statutory Bodies Financial Arrangements Act 1982 (as amended).

POLICY STATEMENT

PROVISIONS

Investment of Council's funds is to be in accordance with Council's power of investment as set out in the following flow of legislative Authority:

- the Statutory Bodies Financial Arrangements Act 1982.
- Section 101(2) of the Local Government Act 2009 points to Part 2B of the Statutory Bodies Financial Arrangements Act 1982 to set out the way in which that Act affects Council's powers of Investment.

fisaacregionalcouncil 🖸 isaacregionalcouncil 🎔 Isaacrcouncil AC REGIONAL CO ICII ABN 39 274 142 600

• Section 101(1) of the Local Government Act 2009 refers to Local Government as a Statutory Body under

- Section 42 of the Statutory Bodies Financial Arrangement Act 1982 refers to three different categories of Investment power.
- Schedule 3, 4 and 5 of the Statutory Bodies Financial Arrangements Regulations 2019 list the statutory bodies' categories and investment power.
- Section 44 of the Statutory Bodies Financial Arrangements Act 1982 dictates the types of Investments that Council may use.
- Section 8 of the Statutory Bodies Financial Arrangements Regulations 2019 prescribes the rating of the Investment arrangements as prescribed under Section 44 (1) (e) of the Statutory Bodies Financial Arrangements Act 1982.

POLICY OBJECTIVES

Isaac Regional Council's overall objective is to invest funds at the most advantageous rate of interest available to it at the time, for that investment type, and in a way that it considers the most appropriate given the circumstances.

Investment officers are to manage the investment portfolios not for speculation, but for investment and in accordance with the spirit of this Investment Policy. Investment officers are to avoid any transaction that might harm confidence in Isaac Regional Council.

In priority, the order of investment activities shall be preservation of capital, liquidity and return.

PRESERVATION OF CAPITAL

Preservation of capital shall be the principal objective of the investment portfolio. Investments are to be performed in a manner that seeks to ensure security of principal of the overall portfolio. This would include managing credit and interest rate risk within given risk management parameters and avoiding any transactions that would prejudice confidence in Council or its associated entities.

Credit Risk

Isaac Regional Council will evaluate and assess credit risk prior to investment. Credit risk is the risk of loss due to the failure of an investment issuer or guarantor. The investment officer will minimise credit risk in the investment portfolio by pre-qualifying all transactions including the brokers/securities dealers with which they do business, diversify the portfolio and limit transactions to secure investments.

Interest Rate Risk

The investment officers shall seek to minimise the risk of a change in the market value of the portfolio because of a change in interest rates. This would be achieved by considering the cash flow requirements of Council and structuring the portfolio accordingly. This will avoid having to sell securities prior to maturity in the open market. Secondly, interest rate risk can be limited by investing in shorter term securities.

Doc Number: CORP-POI -029 Date Effective: 01/07/2023 This document is uncontrolled when printed.

POLICY

MAINTENANCE OF LIQUIDITY

The investment portfolio will maintain sufficient liquidity to meet all reasonably anticipated operating cash flow requirements of Council, as and when they fall due, without incurring significant transaction costs due to being required to sell an investment.

For these purposes, illiquid investments are defined as investments that are not publicly traded in sufficient volume to facilitate, under most market conditions, prompt sale without severe market price affect. Examples include:

- investment in private placements;
- a security that is not supported or priced by at least two approved brokers/securities dealers;
- sub investment grade (i.e. a lower than rating BBB- (Standard and Poors or equivalent); and
- unrated securities.

RETURN ON INVESTMENTS

The portfolio is expected to achieve a market average rate of return and take into account Isaac Regional Council's risk tolerance and current interest rates, budget considerations, and the economic cycle. Any additional return target set by Council will also consider the risk limitations, prudent investment principles and cash flow characteristics identified within this Investment Policy.

ETHICS AND CONFLICTS OF INTEREST

Investment officers/employees shall refrain from personal activities that would conflict with the proper execution and management of Isaac Regional Council's investment portfolio. This includes activities that would impair the investment officers' ability to make impartial decisions.

This policy requires that employees and investment officers disclose to the Chief Executive Officer any conflict of interest or any investment positions that could be related to the investment portfolio.

REQUIREMENTS

In accordance with Schedule 3 of the Statutory Bodies Financial Arrangements Regulation 2019, Isaac Regional Council has Category 1 investment power.

PORTFOLIO INVESTMENT PARAMETERS

Section 44(1) of SBFAA states that the authorised investments comprise all or any of the following:

- · deposits with a financial institution;
- financial institution:

Doc Number: CORP-POI -029 Date Effective: 01/07/2023 This document is uncontrolled when printed.

ISAAC.QLD.GOV.AU P 1300 472 227 F 07 4941 8666 A PO Box 97 Moranbah QLD 4744

· investment arrangements accepted, guaranteed or issued by or for the Commonwealth or a State or a

Document Owner: Financial Services Version 9 Page 4 of 7

fisaacregionalcouncil 🖸 isaacregionalcouncil У

- other investment arrangements secured by investment arrangements accepted, guaranteed or issued by or for the Commonwealth or a State or a financial institution;
- investment with QIC Cash Trust, QIC Pooled Cash Fund, QTC Cash Fund, QTC 11 AM Fund or QTC Debt Offset Facility;
- an investment arrangement with a rating prescribed under a regulation for this paragraph;
- other investment arrangements prescribed under a regulation for this paragraph.

Section 44(2) of SBFAA states that the investment must be:

- at call; or
- for a fixed time of not more than 1 year.

PROHIBITED INVESTMENTS

This investment policy prohibits any investment carried out for speculative purposes. The following investments are prohibited by this investment policy.

- Derivative based instruments (excluding floating rate notices);
- Principal only investments or securities that provide potentially nil or negative cash flow;
- Stand-alone securities that have the underlying futures, options, forward contracts and sways of any kind; and
- Securities issued in non-Australian dollars.

PLACEMENT OF INVESTMENT FUNDS

Overall the amount invested with institutions should not exceed the following percentage ranges of average annual funds invested and appropriate documentation must be maintained. Also, when placing investments, consideration should be given to the relationship between credit rating and interest rate.

Investments with Financial Institutions and Investment

LONG TERM RATING (STANDARD & POORS)	SHORT TERM RATING (STANDARD & POORS)	INDIVIDUAL COUNTERPARTY LIMIT	TOTAL PORTFOLIO LIMIT

POLICY

Council approves dealings with all financial institutions ('Financial Institution' is defined as an authorised deposit-taking institution within the meaning of the *Banking Act 1959* (Cwlth), Section 5(1)).

MATURITY

The maturity structure of the portfolio will reflect a maximum term to maturity of one year.

LIQUIDITY REQUIREMENT

Given the nature of the funds invested, no more than 20% of the investment portfolio will be in illiquid securities and at least 10% of the portfolio can be called at no cost or will mature within a maximum of seven (7) days.

IMPLEMENTATION

INTERNAL CONTROLS

The Director Corporate, Governance and Financial Services shall establish internal controls and processes that will ensure investment objectives are met and that the investment portfolios are protected from loss, theft or inappropriate use.

The Chief Executive Officer shall issue a letter to any approved counterparty advising that funds transferred from investments to Council must only be deposited into Council's General Account or Trust Account. This instruction cannot be varied unless a written request is made in writing signed in accordance with Council's account signing authority.

DELEGATION OF AUTHORITY

Authority for implementation of the Investment Policy is delegated by Council to the Chief Executive Officer in accordance with the *Local Government Act 2009*, Section 257 (1) (b).

Authority for the day to day management of Council's Investment Portfolio is to be delegated by the Chief Executive Officer to the Director Corporate, Governance and Financial Services.

BREACHES

Any breach of this Investment Policy is to be reported to the Director Corporate, Governance and Financial Services and rectified within seven (7) days of the breach occurring.

Where Council holds an investment that is downgraded below the minimum acceptable rating level, as prescribed under regulation for the investment arrangement, Council shall, within 28 days after the change becomes known to Council, either obtain Treasurer approval for continuing with the investment arrangement or sell the investment arrangement.

Doc Number: CORP-POL-029 Date Effective: 01/07/2023 This document is uncontrolled when printed.

RESOLUTION NUMBER

To adopt a policy on borrowings for 2023-2024.

SCOPE

This policy is in accordance with the *Local Government Regulation 2012*.

DEFINITIONS

TERM / ACRONYM	MEANING
IRC	Isaac Regional Council

POLICY STATEMENT

POLICY PROVISIONS

To adopt a policy on borrowings that provides for responsible financial management on the loan funding of infrastructure capital projects by ensuring the level of Council indebtedness is within acceptable limits to Council, its ratepayers and interested external parties. This policy is in accordance with the *Local Government Regulation 2012*.

PURPOSE OF BORROWINGS

As a general principle, Council recognises that loan borrowings for capital works are an important funding source for Local Government and that the full cost of infrastructure should not be borne entirely by present-day ratepayers but be contributed to by future ratepayers who will also benefit. Whilst recognising the importance of loan borrowings, Council should not place undue reliance upon loans as a source of capital income.

Council restricts all borrowings to expenditure on identified capital projects that are considered by Council to be of the highest priority, and which cannot be funded from other sources of revenue, as identified by the adopted budget. In no circumstances should Council borrow funds for recurrent expenditure.

The basis for determination of the utilisation of loan funds will be as follows:

- Analysis of existing debt levels with a loan servicing cost target of less than 25% in any one year.
- Where a capital project for a service that is funded by utility or user charges e.g. water, sewerage, waste, is determined to be funded by way of loans, the user charge should reflect the cost of providing the service including the loan servicing costs.
- Other specific capital projects, not funded by user charges, should only be considered for loan funding where the project is considered by Council to be beneficial to the majority of ratepayers.
- The term of any loan should not exceed the expected life of the asset being funded.

Doc Number: CORP-POL-027 Date Effective: 01/07/2023 This document is uncontrolled when printed.

ISAAC.QLD.GOV.AU P 1300 472 227 F 07 4941 8666 A PO Box 97 Moranbah QLD 4744

f isaacregionalcouncil 🚺 isaacregionalcouncil 🔰 Isaacrcouncil

POLICY

REPAYMENT OF BORROWINGS

Unless otherwise stated, new borrowings will be repaid over 20 years, however may be reduced ahead of schedule when net sale proceeds of land and development loans are realised, or through a resolution of Council. All other repayments on borrowed funds will be made in accordance with the terms of the loan unless otherwise stated in the loan repayment schedule.

TEN YEAR BORROWING PROGRAM FORECAST

Council utilises loan borrowing to fund major capital and infrastructure works so that repayments are spread over the years to which the Capital Works will be utilised by ratepayers.

The following ten-year borrowing program is proposed by Council, although allocations in future years are revised on an annual basis in conjunction with the review of the Capital Works / Loan Program:

Project	Loan Term	2023-24 '000	2024-25 '000	2025-26 '000	2026-27 '000	2027-28 '000	2028-29 '000	2029-30 '000	2030-31 '000	2031-32 '000	2032-33 '000
Moranbah Community Centre	20 years	\$6,000	-	-	-	-	-	-	-	-	-
Isaac Affordable Housing Trust	20 years	\$3,000	-	-	-	-	-	-	-	-	-

REPAYMENT SCHEDULE

The loan portfolio of Council is raised solely with the Queensland Treasury Corporation. The Queensland Treasury Corporation maintains Council debt as the Book Debt plus a market provision, to market value the total liability outstanding. The provision is principally a result of past movements in the Market Value of the liabilities within each Debt Pool. If the Council was to liquidate this debt it would be required to pay the Market Value of the loan portfolio. The portfolio has been dissected so that loan borrowings in relation to Land Purchase in Moranbah and Land Development - Moranbah are maintained in separate accounts to more accurately reflect the cost of the provision of this infrastructure. This approach is needed otherwise the loan term is amalgamated and the average term for repayments lengthens.

It is proposed that Council consider maintaining a repayment schedule consistent with an interest and principal repayment calculation so that the exposure to interest rate fluctuations is minimised. This basis of repayment will continue to be assessed even though separate accounts have been established for Land Purchase - Moranbah and Land Development - Moranbah. The Budgeted Loan Portfolio of Council for 2023-2024 is as follows:

RESOLUTION NUMBER

OBJECTIVE

The objective of this policy is to:

- 1. Set out the principles intended to be used by Council for the financial year for:
 - · levying of rates and charges;
 - · granting concessions for rates and charges;
 - · recovering overdue rates and charges;
 - cost-recovery methods; and
 - if the local government intends to grant concessions for rates and charges state the purposes for concessions; and
 - the extent to which physical and social infrastructure costs for a new development are to be funded by charges for the development.

SCOPE

This policy applies to relevant revenue activities of Council for the period 1 July 2023 to 30 June 2024.

DEFINITIONS

N/A

POLICY STATEMENT

The Local Government Act 2009 requires each Local Government to maintain a Revenue Policy which must detail the principles applied by it in relation to its relevant revenue activities for each financial year. This policy must be reviewed annually and in sufficient time to allow an annual budget to be adopted that is consistent with the policy. Accordingly, the principles contained within this policy are applied in the determination of the rates, fees and charges as detailed in the Revenue Statement.

PRINCIPLES

Principles used for Levying Rates & Charges

In determining rates and charges, Council will be guided by the principle of user pays to minimise the impact of rating on the efficiency of the local economy.

Council will also have regard to the principles of:

- transparency in the making and levying of rates and charges;
- having in place a rating regime that is simple and inexpensive to administer;

Doc Number: CORP-POI -028 Date Effective: 01/07/2023 This document is uncontrolled when printed.

f isaacregionalcouncil 🚺 isaacregionalcouncil 🔰 Isaacrcouncil

POLICY

- individual ratepayers or ratepayer classes; and
- flexibility to take account of changes in the local economy.
- In levying rates and charges, Council will apply the principles of:
- making clear what is the Councils and each ratepayers responsibility to the rating system; and
- · making the levying system simple and inexpensive to administer.
- In accordance with Section 94 of the Local Government Act 2009 Council:
- must make and levy general rates (which includes determining differential general rates and minimum general rates);
- may also levy special rates and charges;
- may also levy separate rates and charges; and

General Rates

Council recognises that different categories of land use will generate different needs and requirements for Council services and facilities. Council also recognises that it will incur a different level of resource expenditure to provide the necessary services and facilities.

Council believes that the existing distribution of the general rate burden through its differential rates regime is generally equitable. Council therefore proposes to continue to levy differential rates to ensure that the rate burden is distributed in similar fashion to the pattern in recent years. Council will continue to gather data and to consider this information to further refine this process.

To ensure that owners of land across all differential categories contribute equitably to the cost of common services, Council applies a minimum rate to each differential rate category.

Special Rates and Charges

Council may make and levy a special rate or charge on rateable land, to help defray the cost of providing a service, facility and/or an activity where:

- or activity; or
- the occupier of the land, or the use made or to be made of the land, has, or will, especially contribute to the need for the service, facility or activity.

Examples of services that may necessitate a special rate or charge are, but not limited to:

mining operations; and

Doc Number: CORP-POL-028 Date Effective: 01/07/2023 This document is uncontrolled when printed.

fisaacregionalcouncil 🖸 isaacregionalcouncil 🔰

· rural fire prevention and firefighting services.

Separate Rates and Charges

Council may make and levy a separate rate or charge for a service, facility or activity in the way it considers appropriate. The rate or charge may include a minimum value to be levied and may be made and levied for a service, facility or activity whether or not the service, facility or activity is supplied by the government itself.

As an example, a levy will be applied to all rateable properties in the region to ensure that Council has the capability to meet its obligations in times of natural disaster. The disaster management charge will be used to assist in funding the recurrent annual disaster management activities of Council, including those costs relating to the operation and maintenance of equipment used by Council in fulfilment of its disaster management obligations, and those costs relating to disaster prevention and disaster planning.

Utility Charges

Council may make and levy a utility charge on any land, whether vacant or occupied, and whether or not it is rateable land; or a structure; to recover costs in relation to the provision of services and/or facilities. This includes services such as cleansing, recycling, sewerage and water charges.

Generally, utility charges will be calculated on a full cost recovery basis.

Interest Charges

Council may impose interest on rates and charges that remain unpaid after the date for payment (i.e.: the date on which the discount period closes) and includes assessments that are making payments of outstanding rates by instalment.

Following the close of discount, interest will be calculated on daily balances of amounts outstanding and charges applied at the end of the month on a compounding basis. Interest on arrears will be calculated in accordance with Section 133 of the *Local Government Regulation 2012* and will be set at the rate of 11.64% per annum.

APPLICATION OF PRINCIPLES

Levying of Rates and Charges

In accordance with Section 104-106 of the *Local Government Regulation 2012*, Council will issue a rates notice to the owner of the land on which a rate or charge has been applied. Rates notices shall include the date the notice was issued, the date by which time the rate much be paid, and any discounts, rebates or concessions applied.

Council will issue notices on a six monthly basis for the periods 1 July to 31 December and 1 January to 30 June in the respective financial year.

POLICY

PAYMENT OF RATES AND CHARGES

Owner Liability

Section 127 of the *Local Government Regulation 2012* details the liability of the 'owner' to pay rates and charges levied against land held in their name. It also describes the liability of persons at whose request a service is supplied to a structure or land that is not rateable land.

Where joint ownership of a property exists or other persons are liable to pay a rate, all owners or other persons are jointly and severally liable.

Rates and charges will run with the land i.e. where a change in ownership occurs, the new 'owner' of the land will become liable for payment of all future rates and charges and any existing or outstanding rates or charges.

Where land ceases to be rateable land under Section 110 of the *Local Government Regulation 2012*, the owner of said land immediately before it ceased to be rateable land is taken to continue as the owner of the land, and the land is taken to continue to be rateable land for the levy, collection or refund of a rate on the land for any period before it ceased to be rateable land.

Discount

In accordance with the provisions of Section 130 of the *Local Government Regulation 2012*, discount at the rate of 10% shall be allowed on General Rates only, excluding all special rates and charges, provided payment of the full amount of outstanding and overdue rates and interest is paid by the due date.

If Council is satisfied that a person liable to pay a rate has been prevented, by circumstances beyond the persons control, from paying the rate in time to benefit from a discount under Section 130 of the *Local Government Regulation 2012*, then Council under Section 130(10) of the Regulation, may still allow the discount following written application by the ratepayer.

Methods of Payment

Council may accept the payment of rates and charges by differing methods. These may include cheque, cash, direct debit and/or other electronic means.

Payments by Instalments

Council may allow payments by instalment where it will benefit both the individual and the collection of overdue rates and charges.

Payments in Advance

Payments in advance by way of lump sum or instalments may be accepted, however interest will not be payable on any credit balances held.

CONCESSIONS FOR RATES AND CHARGES

Principles behind Concessions for Rates and Charges

In considering the application of concessions, Council will be guided by the principles of:

- the same treatment for ratepayers with similar circumstances;
- · transparency by making clear the requirements necessary to receive concessions; and
- flexibility to allow Council to respond to local economic issues.

Consideration may be given by Council to granting a class concession in the event all or part of the local government area is declared a natural disaster area by the State Government.

Purpose of Concessions

For the applicable financial year, the Council has determined that it will grant concessions for rates and charges for:-

- eligible pensioners, for the purpose of alleviating the rating burden on persons who are reliant on a pension;
- certain entities whose objects do not include making a profit, such as religious organisations, sporting clubs and show societies, on the basis that these entities provide benefits to the community, in accordance with the Rates Concession – Not For Profit Policy; and
- in its discretion, to other persons, where, for example, they are suffering hardship to alleviate the rating burden on such persons.

PRINCIPLES USED FOR RECOVERING OVERDUE RATES AND CHARGES

Council will exercise its rate recovery powers in order to reduce the overall rate burden on ratepayers. It will be guided by the principle of:

- transparency by making clear the obligations of ratepayers and the processes used by Council in assisting them meet their financial obligations;
- making the processes used to recover outstanding rates and charges clear, simple to administer and cost effective;
- equity by having regard to providing the same treatment for ratepayers with similar circumstances; and
- · flexibility by responding where necessary to changes in the local economy.

Section 132 of the Local Government Regulation 2012 describes an 'overdue rate' as:

"an amount of a rate payable to a local government that remains unpaid at the end of the period specified in the rate notice as the period within which the amount of the rate is payable, (including any amount of interest on the rate under Section 133 of the Regulation)".

Doc Number: CORP-POL-028 Date Effective: 01/07/2023 This document is uncontrolled when printed.

ISAAC.QLD.GOV.AU P 1300 472 227 F 07 4941 8666 A PO Box 97 Moranbah QLD 4744

f isaacregionalcouncil 🚺 isaacregionalcouncil 🔰 Isaacrcouncil ISAAC REGIONAL COUNCIL ABN 39 274 142 600

POLICY

With due regard for financial hardship, Council shall actively pursue the collection of outstanding rates and charges.

Council may use its power under the *Local Government Act* 2009 and *Local Government Regulation* 2012 to recover overdue rates and charges. In particular, Council may exercise its power under Section 95 of the *Local Government Act* 2009 to register a charge over land where rates and charges become overdue.

Alternatively, Council may elect to bring court proceedings against a ratepayer to recover overdue rates and charges as a debt pursuant to Section 134 of the *Local Government Regulation* 2012.

Council may use the following as a referral guide for the recovery of rates and charges:

Standard Performance:

Council may refer overdue rates to a mercantile agent or a solicitor for recovery.

GENERALLY, AN ACCOUNT WILL NOT BE REFERRED FOR EXTERNAL RECOVERY ACTION UNLESS IT IS \$500.00 OR GREATER IN VALUE.PRINCIPLES USED FOR COST-RECOVERY FEES

Section 97 of the Local Government Act 2009 allows Council to set cost-recovery fees.

The Council recognises the validity of fully imposing the user pays principle for its cost-recovery fees, unless the imposition of the fee is contrary to its express social, economic, environmental and other corporate goals. This is considered to be the most equitable and effective revenue approach and is founded on the basis that the regions rating base cannot subsidise the specific users or clients of Councils regulatory products and services.

OTHER MATTERS

General Rate Capping

Because general rates are made and levied upon the value of land determined by the Valuer-General, Council recognises that the statutory valuation process may result in unusually high valuation increases for at least some classes of land, if not for all land. Where it considers that applying the differential general rate to affected lands or classes of land will produce inequities between ratepayers or classes of ratepayer, Council may cap general rates increases for the lands or classes of land concerned.

Physical and Social Infrastructure Costs for New Development

Council requires developers to pay reasonable and relevant contributions towards the cost of physical and social infrastructure required to support the development. Specific charges are detailed in the policies and other material supporting Councils town planning schemes.

These policies are based on normal anticipated growth rates. Where a new development is of sufficient magnitude to accelerate the growth rate of a specific community within the region, it may be necessary to bring forward physical and social infrastructure projects.

Doc Number: CORP-POL-028 Date Effective: 01/07/2023 This document is uncontrolled when printed.

ISAAC.QLD.GOV.AU P 1300 472 227 F 07 4941 8666 A PO Box 97 Moranbah QLD 4744

Document Owner: Financial Services Version 9 Page **7** of **8 f** isaacregionalcouncil **v** Isaacrcouncil

Where this occurs, Council expects developers to meet sufficient costs so that the availability of facilities is not adversely affected and so that existing ratepayers are not burdened with the cost of providing the additional infrastructure.

REVIEW OF POLICY

This policy will be reviewed when any of the following occur:

- · the related documents are amended or replaced; or
- other circumstances as determined from time to time by a resolution of Council.

Notwithstanding the above, this policy is to be reviewed at intervals of no more than one year.

DIFFERENTIAL G	SENERAL RA	FES 2023/2034
-----------------------	------------	---------------

In accordance with Local Government Regulation 2012, Chapter 4 Rates and Charges, Part 5 Differential general rates; Isaac Regional Council will make and levy a differential general rate for the financial year ending 30 June 2024, taking into consideration the following aspects:

- Council recognises that different categories of land use generate different requirements for Council services and facilities and place different burdens upon the Council's budget.
- · Council considers that adopting a "single general rate" for all rateable land would not provide sufficient flexibility to spread the rate burden in what it considers to be an equitable manner.
- Although a 'single general rate' would provide simplicity, its adoption would necessitate Council setting a high minimum rate to deal with the fact that land values in towns and villages are very low in relation to rural land but those who live in towns and villages have greater access to Council services.
- Council proposes therefore to continue to levy differential general rates to ensure that the rate burden is distributed in a similar fashion to the pattern in prior years. Council will continue to gather data and to consider this information so as to further refine this process.
- To ensure that owners of land across all differential categories contribute equitably to the cost of common services, Council applies a minimum general rate to each differential rating category.
- Historically Council has maintained its minimum general rates at very low levels, given the standards of services it provides; but Council cannot continue to do this without compromising or reducing those standards. Council therefore proposes to increase the minimum general rates over a period of years, to enable it at least to maintain the current standards of services it provides.

For the purpose of this document generally,

- the term "town plan" means the Isaac Regional Planning Scheme 2021 incorporating all the amendments up to and including 30 June 2023; and
- the term "Region" means the local government area of the Council as shown on its area map mentioned in schedule 1, column 3 of the Local Government Regulation 2012.

Pursuant to section 81 of the Local Government Regulation 2012, the rating categories of rateable land in the Region, and a description of each of the rating categories, is as follows:

Category 1 PPR Urban Land – Isaac Towns (Valuation \$0 - \$48,750)

> Description: Land used for residential purposes as the owner's Principal Place of Residence where located in the town areas of the Region as described in the town plan and having a rateable value of between \$0 and \$48,750 other than land included in category 15 to 21.

Description: Land used in whole or in part, and whether predominantly or not, for Workforce Accommodation containing three hundred and fifty-one (351) to four hundred and fifty (450) accommodation rooms, suites and/or caravan sites.

Category 26 Workforce Accommodation (451-650)

Description: Land used in whole or in part, and whether predominantly or not, for Workforce Accommodation containing four hundred and fifty-one (451) to six hundred and fifty (650) accommodation rooms, suites and/or caravan sites.

Category 27 Workforce Accommodation (651-850)

Description: Land used in whole or in part, and whether predominantly or not, for Workforce Accommodation containing six hundred and fifty-one (651) to eight hundred and fifty (850) accommodation rooms, suites and/or caravan sites.

Category 28 Workforce Accommodation (851-1,200)

Description: Land used in whole or in part, and whether predominantly or not, for Workforce Accommodation containing eight hundred and fifty-one (851) to one thousand two hundred (1,200) accommodation rooms, suites and/or caravan sites.

Category 29 Workforce Accommodation (1,201-2,000)

Description: Land used in whole or in part, and whether predominantly or not, for Workforce Accommodation containing one thousand two hundred and one (1,201) to two thousand (2,000) accommodation rooms, suites and/or caravan sites.

Category 30 Workforce Accommodation (>2,000)

Description: Land used in whole or in part, and whether predominantly or not, for Workforce Accommodation containing more than two thousand (2,000) accommodation rooms, suites and/or caravan sites.

Category 31 Coal Mining (30-100)

Description: Land with a rateable valuation greater than \$45,000, which is:-

- (a) a mining lease issued pursuant to the *Mineral Resources Act* 1989 over an area which forms part of a Coal Mine with between thirty (30) and one hundred (100) employees and/or contractors as at 1 July 2023; or
- (b) land that is used, in whole or in part, and whether predominantly or not, for the purpose of a Coal Mine with between thirty (30) and one hundred (100) employees and/or contractors as at 1 July 2023.

(b) land that is used, in whole or in part, and whether predominantly or note, for the purpose of a Coal Mine with between two thousand and one (2,001) and two thousand five hundred (2,500) employees and/or contractors as at 1 July 2023.

Category 43 Coal Mining (>2,500)

Description: Land with a rateable valuation greater than \$45,000, which is:-

- (a) a mining lease issued pursuant to the Mineral Resources Act 1989 over an area which forms part of a Coal Mine with more than two thousand five hundred (2,500) employees and/or contractors as at 1 July 2023; or
- (b) land that is used, in whole or in part, and whether predominantly or not, for the purpose of a Coal Mine with more than two thousand five hundred (2,500) employees and/or contractors as at 1 July 2023.

Category 44 Other Coal

Description: Land that is used, in whole or in part, and whether predominantly or not, for or in association with Coal Mining, other than land included in Categories 31 to 43.

Category 45 Quarries (<100,000)

Description: Land used in whole or in part, and whether predominantly or not, for the purpose of conducting an industry which may involve dredging, excavating, quarrying, sluicing or other modes of winning less than one hundred thousand (100,000) tonnes of material per annum from the earth, other than land included in categories 31 to 44.

Category 46 Quarries (>= 100,000)

Description: Land used in whole or in part, and whether predominantly or not, for the purpose of conducting an industry which may involve dredging, excavating, quarrying, sluicing or other modes of winning one hundred thousand (100,000) tonnes or more of material per annum from the earth, other than land included in categories 31 to 44.

Category 47 Other Mines / Extractive Land

Description: Land used or having the potential for use by virtue of improvements or activities conducted thereon, for extractive or mining industries purposes not included in categories 31 to 46.

Category 48 Transport Terminal

Description: Land used for the purpose of a transport terminal. A transport terminal may be defined as any facility where passengers and freight are assembled or dispersed.

(c) used, or intended to be used, in whole or in part, and whether predominantly or not, for any purpose ancillary to, associated or connected with, the extraction, processing or transportation of gas, such as water storage or pipelines.

Category 54 Feedlots (4,000-12,000)

Description: Land used in whole or in part, and whether predominantly or not, for feedlot purposes with a licensed carrying capacity of four thousand (4,000) to twelve thousand (12,000) Standard Cattle Units (SCUs).

Category 55 Feedlots (>12,000)

Description: Land used in whole or in part, and whether predominantly or not, for feedlot purposes with a licensed carrying capacity of more than twelve thousand (12,000) Standard Cattle Units (SCUs).

Category 56 Power Generation (0 – 100 Megawatts)

Description: Land used in whole or in part, and whether predominantly or not, for or ancillary to the generation of electricity from a facility with an output capacity of one hundred (100) Megawatts or less (excluding transformers / substations).

Category 57 Power Generation (101 – 200 Megawatts)

Description: Land used in whole or in part, and whether predominantly or not, for or ancillary to the generation of electricity from a facility with an output capacity of between one hundred and one (101) and two hundred (200) Megawatts (excluding transformers / substations).

Category 58 Power Generation (201 MW +)

Description: Land used in whole or in part, and whether predominantly or not, for or ancillary to the generation of electricity from a facility with an output capacity equal to or greater than two hundred and one (201) Megawatts (excluding transformers / substations).

Coal Mining

A Coal Mine in the description of the above rating categories is defined as land that is the subject of a coal mining lease (issued pursuant to the Mineral Resources Act 1989) or other form of tenure (including freehold) that was used, is used, or intended to be used: -

- as a coal mine (or for purposes ancillary, associated or connected with coal mining such
- in conjunction with other land (the subject of a coal mining lease) as part of an integrated coal mining operation.

An integrated coal mining operation is defined as land contained in more than one mining lease issued pursuant to the Mineral Resources Act 1989 for the extraction of coal, or other form of tenure (including freehold), which land was used, is used, or intended to be used in an integrated manner for the purposes of coal mining or purposes ancillary, associated or connected with coal mining such as, for example, washing down, stockpiling, haulage, water storage and rehabilitation.

Workforce Accommodation

Workforce Accommodation in the description of the above rating categories means a facility for the accommodation of persons, other than tourists and holidaymakers, who are employed or work in, or in association with, or in connection with, construction, resources and mining activities, commonly known as "workers camp", "work camp", "workers accommodation", "single persons quarters", "accommodation village", "quarters" or "barracks".

Department of Resources Land Use Codes

Where the Council makes reference to land use code in the description of a rating category, that reference is to the land use codes as given to Council by the Department of Resources as set out in Appendix A. The land use codes referred to in the description of a rating category correspond with the description of the category. However, it is the actual use of the land that determines the correct category.

Identification of Land

The Council delegates to the Chief Executive Officer, pursuant to section 81(4) and (5) of the Local Government Regulation 2012, the power of identifying the rating category to which each parcel of rateable land in the Region belongs.

Principal Place of Residence (PPR)

Principal Place of Residence (PPR) in the above differential rating categories means a dwelling owned by one or more natural persons at least one of who predominately resides there.

For the sake of clarity, in identifying the rating category to which residential land belongs, the Council will assume that where a ratepayer's postal address is not the same as the property address, the land will not be the ratepayer's Principal Place of Residence (PPR).

ISAAC.QLD.GOV.AU ISAAC REGIONAL COUNCIL ABN 39 274 142 600

Page 12 of 36

as, for example, washing down, stockpiling, haulage, water storage and rehabilitation); or

Page 13 of 36

In these circumstances, if a ratepayer considers that the land is their PPR, the ratepayer must submit an application to Council using the prescribed form. This form can be obtained from any of Council's offices or on Council's website www.isaac.qld.gov.au.

Adoption of differential general rates and minimum general rates for 2023/2034

Pursuant to section 94 of the *Local Government Act* 2009 and section 80 of the *Local Government Regulation* 2012, the differential general rate to be made and levied for each differential general rate category and, pursuant to section 77 of the *Local Government Regulation* 2012, the minimum general rate to be made and levied for each different general rate category, is as follows:

	Category	Cents in the dollar of Unimproved Valuation 2023/2034	Minimum General Rate 2023/2034
Category 1	PPR Urban Land – Isaac Towns (Valuation \$0 - \$48,750)	2.0700	\$779.50
Category 2	PPR Urban Land – Isaac Towns (Valuation \$48,751 - \$52,000)	1.7935	\$901.00
Category 3	PPR Urban Land – Isaac Towns (Valuation \$52,001 - \$73,000)	1.7284	\$977.00
Category 4	PPR Urban Land – Isaac Towns (Valuation > \$73,000)	0.7947	\$1,286.50
Category 5	NPPR Urban Land – Isaac Towns (Valuation \$0 - \$48,750)	2.4840	\$935.50
Category 6	NPPR Urban Land – Isaac Towns (Valuation \$48,751 - \$52,000)	2.1522	\$1,081.00
Category 7	NPPR Urban Land – Isaac Towns (Valuation \$52,001 - \$73,000)	2.0741	\$1,172.50
Category 8	NPPR Urban Land – Isaac Towns (Valuation > \$73,000)	0.9536	\$1,544.00

Category 58	Power Generation (201 +) Megawatts	8.1545	\$83,176.00

LIMITATION OF INCREASE IN RATES LEVIED 2023/2034

Pursuant to section 116 of the *Local Government Regulation* 2012, the amount of the differential general rate to be levied for the 2023/2034 financial year on rateable land included in rating categories 1 to 14 and rating categories 48 to 50, will be limited to an amount no more than an amount equal to the amount of the differential general rate levied on that land in the previous financial year increased by 30%.

SEPARATE CHARGES 2023/2034

Separate Charge – Disaster Management

Pursuant to section 94 of the *Local Government Act* 2009 and section 103 of the *Local Government Regulation* 2012, Council makes and levies a disaster management separate charge of \$27.56 per rateable assessment, to be levied equally on all rateable assessments in Council's area. The disaster management separate charge will be used solely to assist in funding the recurrent annual disaster management activities of Council, including those costs relating to the operation and maintenance of equipment used by Council in fulfilment of its disaster management obligations, and those costs relating to disaster prevention and disaster planning.

SPECIAL RATES AND CHARGES 2023/2034

SPECIAL CHARGE(S) – RURAL FIRE BRIGADE DISTRICTS (ILBILBIE, WEST HILL, ORKABIE, CARMILA WEST, CARMILA / FLAGGY ROCK, CLAIRVIEW, NEBO AND ST LAWRENCE)

In accordance with section 128A of the *Fire and Emergency Services Act* 1990 and pursuant to section 94 of the *Local Government Act* 2009 and section 94 of the *Local Government Regulation* 2012, Council will make and levy a special charge (known as the "**Rural Fire Brigade District Special Charge**") for the purpose of raising revenue for each Rural Fire Brigade as set out in the table below.

The overall plan for the Rural Fire Brigade District Special Charge is as follows:

- The rateable land to which the Rural Fire Brigade District Special Charge applies is land within the areas separately described on the attached cadastral map titled 'Map Showing Rural Fire Brigades and Urban Fire Brigades in Isaac Regional Council'.
- The service facility or activity for which the Rural Fire Brigade District Special Charge is made is for the provision of firefighting services in the defined benefit areas.
- The estimated time for carrying out the overall plan is 1 year. However, provision of firefighting services is an ongoing activity, and further special charges are expected to be made in future years.
- The estimated cost of implementing the overall plan is \$29,625.
- The Rural Fire Brigade District Special Charge is intended to raise all funds necessary to carry out the overall plan.

The rateable land or its occupier specially benefits from the service, facility or activity funded by the Rural Fire Brigade District Special Charge because the funded brigades are in charge of firefighting and fire prevention under the *Fire and Emergency Services Act* 1990 and whose services could not be provided or maintained without the imposition of the special charge. The amount of the special charge to be levied (per parcel) is:

ISAAC.QLD.GOV.AU ISAAC REGIONAL COUNCIL ABN 39 274 142 600 Page 16 of 36

Rural Fire Brigade District	Special	Charge
Ilbilbie	\$	20.00

UTILITY CHARGES 2023/2034

WASTE MANAGEMENT

Pursuant to sections 94 of the *Local Government Act* 2009 and section 99 of the *Local Government Regulation* 2012, Council will make and levy waste management utility charges, for the supply of waste management services by the Council, as follows:

Domestic Waste and Recycling Services

A domestic general waste collection and recycling charge will be levied for the provision of refuse removal from all domestic residential lands, within the designated waste and recycling collection areas and serviced by Council or its nominated contractor.

Council will levy on the owner a per annum charge per dwelling, unit or flat within the designated waste and recycling area regardless of whether the ratepayer chooses to use the domestic general waste and/or recycling services Council makes available.

The number of charges levied to a domestic property shall be the number of bins the Chief Executive Officer or delegate considers necessary; or the number of bins the owner requests, whichever is the greater.

Residential Premises – Multi-Unit Dwellings

A multi-unit dwelling general waste collection and recycling charge will be levied for the provision of refuse removal from all multi-unit dwelling residential premises located within the designated waste and recycling collection areas and serviced by Council or its nominated contractor.

Council will levy on the owner a per annum charge per dwelling, unit or flat within the designated waste and recycling area regardless of whether the ratepayer chooses to use the multi-unit dwelling general and/or recycling services Council makes available.

The maximum allowable number of Mobile Garbage Bins (MGB) at a multi-unit dwelling will be determined by an Isaac Waste Services authorised officer following assessment of on-site storage facilities based on the suitability of, and access to, kerbside presentation/service point(s).

If there is no satisfactory kerbside location for presentation of, or service of MGB's, at the discretion of an Isaac Waste Service's authorised officer bulk refuse and recycling may be provided to multi-unit dwellings.

The number of bulk bins, size of bulk bins and frequency of bin services provided will vary according to the size of the development.

An Isaac Waste Services authorised officer will determine the number and size of bulk waste bins, and the frequency of the bulk bin waste service.

The domestic/multi-unit general waste collection and recycling charge is for:

- Emptying the MGB once per week for domestic general waste.
- Emptying the MGB fortnightly for recyclables.

Commercial Waste and Recycling Services

A commercial waste collection and recycling charge will be levied for the provision of refuse removal from all commercial or industrial lands, within the designated waste and recycling collection areas and serviced by Council or its nominated contractor.

Council will levy on the owner a per annum charge of one waste collection service* per property within the designated waste and recycling area regardless whether the ratepayer chooses to use the commercial waste and/or recycling services Council makes available.

Additional bins may be provided on application and at the discretion of an Isaac Waste Services authorised officer. Should application be denied or at the option of the commercial and industrial users, arrangements for refuse removal and disposal services are to be made with an approved contractor if their needs exceed this level. A disposal fee applied in accordance with Councils adopted Schedule of Fees and Charges will be charged to defray the cost of handling the commercial and industrial wastes separately collected by the contractor and deposited at any of Council's refuse disposal facilities.

*For the purposes of this charge Units held under a Community Titles Scheme operating as a hotel/motel will be considered Commercial.

The commercial waste collection and recycling charge is for:

- Emptying the MGB once per week for commercial waste.
- Emptying the MGB fortnightly for recyclables.

Additional Services

Additional services may be provided on application and will be charged on a per service per lift per annum rate as listed in the schedule of waste and recycling charges above.

Services Outside the designated waste and recycling collection areas

Domestic properties outside the designated waste and recycling collection areas can be provided with the following waste and recycling services providing the property is located along the route travelled by Council or its nominated contractor upon application. Such arrangements are at the sole discretion of an Isaac Waste Services authorised officer and may change subject to route changes by Council or its nominated contractor.

The domestic general waste collection and recycling charge is for:

- Emptying the MGB once per week for domestic general waste.
 - Emptying the MGB fortnightly for recyclables.

Damaged, Lost or Stolen Wheelie Bins

The property owner is responsible for the security and maintenance of bins supplied and the repair and/or replacement of any such wheelie bin that may be damaged, lost or stolen.

SEWERAGE

Pursuant to section 94 of the Local Government Act 2009 and section 99 of the Local Government Regulation 2012, Council will make and levy sewerage utility charges, for the supply of sewerage services by the Council, as follows:

A sewerage utility charge will be levied on each property, both vacant and occupied, that Council has or is able to provide with sewerage services.

In order to reflect the different operating costs different sewerage utility charges will be made for Dysart, Middlemount, Clermont, Moranbah, Glenden and Nebo. Generally, sewerage charges will be calculated on a full cost recovery basis.

Residential properties which contain a single dwelling, including individual lots which form part of a body corporate under the Body Corporate and Community Management Act 2020 and Building Units and Group Titles Act 1980, shall be charged a single pedestal charge for the first pedestal installed and then the appropriate charge for each additional pedestal as per the table below.

Residential properties which contain multiple dwellings on a single title, not including individual lots which form part of a body corporate under the Body Corporate and Community Management Act 2020 and Building Units and Group Titles Act 1980, shall, for each dwelling, be charged one pedestal charge for the first pedestal installed and then the appropriate charge for each additional pedestal as per the table below.

Caravan parks and motels, providing single room accommodation will be charged one pedestal charge for each individual pedestal as per the table below for Caravan Parks and Motels.

Workers accommodation, providing single room accommodation (that is capacity to house one individual only) will be charged one pedestal charge for each individual pedestal as per the table below.

Commercial properties, excluding caravan parks, motels and workers accommodation, but including individual lots which from part of a body corporate under the Body Corporate and Community Management Act 2020 and Building Units and Group Titles Act 1980, shall be charged the applicable pedestal charge for each pedestal that is connected to the sewerage system.

Vacant land or unconnected land, to which the Council provides, or is able to provide, sewerage services shall be charged the appropriate charges as per the table below.

Where sewerage services are provided to the common property of scheme land within the meaning of the Body Corporate and Community Management Act 2020, the body corporate shall be levied a charge on each pedestal.

Normal charges will apply for pedestals and urinals in all amenity block complex(s) and public toilets. Premises must submit themselves to annual inspection to be conducted by Council's Environmental Health Officer to determine eligibility. Refusal of an inspection will result in normal charges applying for each pedestal.

A urinal will be deemed to be the equivalent of a pedestal if it is 600mm long or less. For each 600mm or part thereof, a charge equal to that per pedestal will be levied - e.g. 1200mm = two (2) charges: 1350mm = three (3) charges.

Council will, at its discretion, view premises used by minor clubs and organisations as vacant land and charge accordingly. This view is to reflect the intermittent or occasional use of such premise.

The amount of the sewerage utility charge (per pedestal) is:

Charge	Clermont	Dysart	Glenden	Middlemount	Moranbah	Nebo
Single Dwelling - Residential	\$866.56	\$782.24	\$681.64	\$757.32	\$746.88	\$657.80
Commercial & Other Premises	\$867.88	\$779.80	\$685.04	\$754.36	\$744.72	\$665.88
Additional Pedestals – Residential	\$520.92	\$404.36	\$538.88	\$392.00	\$417.72	\$519.92
Additional Pedestals – Commercial	\$593.24	\$706.20	\$613.20	\$691.36	\$480.68	\$593.92
Vacant Land	\$396.60	\$396.60	\$396.60	\$396.60	\$396.60	\$396.60
Caravan Parks & Motels	\$252.08	\$611.40	\$201.20	\$582.92	\$190.04	\$194.24
Workers Accommodation	\$112.76	\$241.00	\$173.48	\$227.96	\$88.72	\$168.12

Commencement Date for Full Charges

Sewerage utility charges will be effective from the date of the final inspection of sewerage pedestals or the date of the final inspection and/or certification of classification issued, whichever is the sooner.

WATFR

Pursuant to section 94 of the Local Government Act 2009 and section 99 of the Local Government Regulation 2012, Council will make and levy a water utility charges, for the supply of water services by the Council, as follows:

Water utility charges will be levied on all land within the Region, whether vacant or occupied, to which Council:

- (a) supplies water to; or
- (b) is prepared to supply water.

ISAAC.QLD.GOV.AU ISAAC REGIONAL COUNCIL ABN 39 274 142 600

All such charges levied shall be used to defray the costs associated with the operation, maintenance and management of Council's water service.

The basis of the water charges is:

- an *Infrastructure Charge* which is a fixed charge that goes toward the cost of using the water supply infrastructure in eight communities across the Region; and
- a **Consumption Charge** which is a variable charge for using the water, based on each kilolitre of water used.

The *Infrastructure Charge* shall be calculated in accordance with the number of *Chargeable Units* applicable to the particular use of land.

The *Chargeable Unit* value of each land use has been determined on a basis that recognises that certain premises will use water at a greater level than other premises because of the nature of the use to which the land is put.

The Infrastructure Charge for each locality is listed below:

Locality	Charge Per Chargeable Unit
Dysart	\$222.80
Middlemount	\$222.80
St Lawrence	\$222.80
Carmila	\$222.80
Nebo	\$222.80
Glenden	\$222.80
Clermont	\$222.80
Moranbah	\$222.80

The charges to be applied for water consumption per chargeable unit per six (6) months are as follows:

Consumption charges per 6 months	Charge (\$/KI)
0 – 37.5Kl	\$0.65
37.5 – 75KI	\$1.50
>75KI	\$2.36

Meters will be read half-yearly and consumption charges will be retrospectively charged on the water notice issued based on billing periods ending December and June each financial year.

Pursuant to section 102(2) of the *Local Government Regulation* 2012, a water meter is taken to have been read during the period that starts 2 weeks before, and ends 2 weeks after, the day on which the meter is actually read.

Where meter readings record consumption other than in the current financial year the charge to apply for the consumption of water shall be the charge applicable for the year when the consumption occurred.

ISAAC.QLD.GOV.AU ISAAC REGIONAL COUNCIL ABN 39 274 142 600 Page 22 of 36

In the case where a meter is found to be faulty, the Chief Executive Officer shall make such arrangements as he/she considers equitable to cause a suitable estimate of usage to be made.

Chargeable Units for each land use

Dysart, Middlemount, St Lawrence, Carmila and Greenhill	Infrastructure Charge per annum	Consumption Charge number of Units

Commencement Date for Full Charges

Non-metered vacant land water charges will apply from the date of registration of the plan where the land is within the water supply area.

All other water charges will apply from the date of connection of the water meter. The charge will reflect the use of the land, as per the building application for which the water meter was connected.

ISSUE OF, AND PERIOD COVERED BY, RATE NOTICE

In accordance with the provisions of section 107 of the Local Government Regulation 2012, and unless specified elsewhere in this Revenue Statement, rates and charges will be levied on a half-yearly basis.

TIME IN WHICH RATES MUST BE PAID

In accordance with the provisions of section 118 of the Local Government Regulation 2012, the rates and charges levied by council must be paid within thirty (30) clear days after the rates notice is issued.

DISCOUNT FOR PROMPT PAYMENT:

Pursuant to section 130 of the Local Government Regulation 2012, the differential general rates made and levied shall be subject to a discount of ten percent (10%) if paid within the discount period of 30 days of the date of issue of the rate notice provided that:

- issue of the rate notice;
- within 30 days of the date of issue of the rate notice.

No discount is allowed with respect to any special rate or charge, separate rate or charge, or utility charge.

If Council is satisfied that a person liable to pay a rate has been prevented, by circumstances beyond the person's control, from paying the rate in time to benefit from a discount under section 130 of the Local Government Regulation 2012, then Council under section 130(10) of the Local Government Regulation 2012, may still allow the discount following written application by the ratepayer.

Page 27 of 36

(a) all of the aforementioned rates and charges are paid within 30 days of the date of

(b) all other rates and charges appearing on the rate notice (that are not subject to a discount) are paid within 30 days after the date of issue of the rate notice; and

(c) all other overdue rates and charges relating to the rateable assessment are paid

Council will charge interest on rates and charges that remain unpaid after the appointed date for payment (i.e. the date on which the discount period closes) and includes assessments which are making payments of outstanding rates by instalment.

Following the close of the discount period, interest will be calculated on daily balances of amounts outstanding and charged at the end of the month on a compounding daily interest. Where the amount of interest charged is less than \$10.00 and the rates have been paid in full in the period between the close of discount and the end of the month, the interest may be written off following approval from the Chief Executive Officer.

The Rural Fire Brigade District Special Charge made in accordance with section 128A of the Fire and Emergency Services Act 1990 and section 94 of the Local Government Act 2009 and section 94 of the Local Government Regulation 2012, will not attract interest charges. Interest on overdue rates and charges will be calculated in accordance with section 133 of the Local Government Regulation 2012 and will be set at the rate of 11.64% per annum.

PAYMENT OF RATES AND CHARGES

Payment by Instalments

Pursuant to section 122(1)(a) of the Local Government Regulation 2012, the Council may resolve, at its discretion to allow a concession to a stated ratepayer (an agreement to defer payment of rates) in the form of an instalment plan, where the ratepayer has applied for a concession in a way accepted by Council which satisfies Council of one or more of the criteria in section 120(1) of the Local Government Regulation 2012.

The grant of any such concession (agreement to defer payment of rates/instalment plan) shall take into account the ratepayer's ability to pay all instalments within a specified reasonable period.

Pursuant to section 125(3) of the Local Government Regulation 2012 any such agreement to defer payment of rates (instalment plan) may include a condition that the ratepayer must pay an additional charge in return for the Council agreeing to defer payment of the rates or charges, including an additional charge for interest on the overdue rates or charges until they are paid in full.

RECOVERY OF RATES AND CHARGES

Council shall use the following as a referral guide for the recovery of rates and charges:

Standard Performance:

- 1st notice issued within twenty-one (21) days of end of discount period;
- (Clients will be given twenty-one (21) days from post date of 1st notice to contact Council and either pay the outstanding amount in full or initiate an instalment plan.)
- Where there has been no movement on an account or an instalment plan has defaulted, Council may refer the debt to a debt recovery agent (elected through quotation or tender).
- Generally, an account will not be referred to the collection agent, unless it is \$500.00 or greater in value.
- All debts referred to a recovery agent, shall be subject to their terms and conditions of payment.
- No payment plans will be issued through Council for any debt referred to a collection agent.
- Where the collection agent is unable to trace the interested parties, the account shall be referred back to Council and standard reminder notices will be forwarded periodically.

Further Action:

- Where the collection agent has returned no result, Council may proceed with legal action against the interested parties.
- Council may initiate action under section 140 of the Local Government Regulation 2012 -Notice of Intention to sell land for overdue rates or charges if some or all of the overdue rates or charges have been overdue for at least:
 - i. generally - three (3) years; or
 - ii. if the rates or charges were levied on vacant land or land used only for commercial purposes, and the local government has obtained judgement for the overdue rates or charges - one (1) year; or
 - iii. if the rates or charges were levied on a mining claim – three (3) months.

CONCESSIONS

Exceptional Circumstances - Drought Relief or Natural Disaster

Pursuant to section 122(1)(a) of the Local Government Regulation 2012, the Council may resolve, at its discretion to allow a concession to a stated ratepayer where they have applied for a concession in a way accepted by Council which satisfies Council in terms of section 120(1)(c) of the Local Government Regulation 2012, that the payment of the rates or charges will cause hardship to the land owner, due to financial stress caused by drought or a natural disaster.

ISAAC.QLD.GOV.AU ISAAC REGIONAL COUNCIL ABN 39 274 142 600 Page 28 of 36

This concession is available only to primary producers who can provide objective evidence of financial difficulty arising from drought or natural disaster. The Department of Agriculture and Fisheries shall be the determining body for the process of declaration of drought.

The concession may be in the form of a rebate equivalent to the discount for prompt payment of rates or charges before the end of the applicable discount period for the last rate notice issued for the relevant property, subject to the condition that all rates or charges levied by the last rate notice for the property being paid in full before the end of the period covered by the rate levy (i.e. 31 December or 30 June).

Pensioner Concessions

Pursuant to sections 120, 121 and 122(1)(b) of the *Local Government* Regulation 2012, the Council resolves to grant a concession in the form of a 30% per annum rebate of differential general rates, water infrastructure charges, sewerage infrastructure charges and waste management charges levied in the 2023/2034 financial year (but not state fire levy and water consumption charges) to all ratepayers who are pensioners and satisfy all of the following criteria/conditions (approved pensioners):

- must currently be in receipt of a pension from the Commonwealth Government;
- must currently hold and remain an eligible holder of a Queensland Pensioner Concession Card issued by Centrelink or the Department of Veterans' Affairs Health Card (All conditions within Australia) or a Department of Veterans' Affairs Health Card (Totally & Permanently Incapacitated) or a Department of Veterans' Affairs Health Card (Specific Conditions) issued by the Department of Veterans Affairs;
- must be the owner or life tenant of the property that is his/her Principal Place of Residence (In the cases of co-ownership, the Council subsidy will apply only to the approved pensioner's proportionate share of the gross rates and charges.
- must be a resident of the Region on the first day in July in the financial year in which the rebate is being claimed (Pensioners taking residence after that date will be eligible for a pro-rata concession based on the number of day's resident);
- must reside in a structure which has been approved by Council to be a habitable dwelling, and/or are in receipt of Council services;
- must have their pension eligibility confirmed through the Centrelink Customer Confirmation eService in all circumstances;
- must have applied for the pensioner concessions in a way accepted by Council.

Application for the above pensioner concession may only be required on initial application.

Natural Hardship

Pursuant to section 122(1)(a) of the *Local Government Regulation* 2012 Council may resolve, at its discretion to allow a concession to a stated ratepayer where they have applied for a concession in a way accepted by Council which satisfies Council in terms of section 120(1)(c) of the *Local Government Regulation* 2012, that the payment of the rates or charges will cause hardship to the land owner, due to for example the existence of some unusual and serious circumstances which prevent payment within the appointed time or otherwise delay the payment of rates and charges as they fall due.

Applications for such a Natural Hardship concession should be able to demonstrate unusual and severe financial difficulty rather than the usual frustration and trial to which everyone is subjected from time to time.

Economic or Social Incentives

Pursuant to section 122 (1)(a) of the *Local Government Regulation* 2012 Council may resolve, at its discretion to allow a concession to a stated ratepayer where they have applied for a concession in a way accepted by Council which satisfies Council in terms of section 120(1)(d) of the *Local Government Regulation* 2012, that the concession will encourage the economic development of all or part of the local government area, including, the example, by providing incentive to attract business to the Region in an industrial estate development or in a project with similar economic benefit to the Region.

Not for profit organisations

Pursuant to section 120, 121 and 122 of the *Local Government Regulation* 2012, Council resolved to grant a rebate of differential general rates, water infrastructure charges, water consumption charges and sewerage utility charges levied in the 2023/2034 financial year (but not waste management utility charges or state fire levy) to eligible not for profit organisations. The amount of the rebate is to be calculated in accordance with the Council's *Rates Concession – Not for Profit Policy*.

To be eligible for this rebate, a ratepayer that is a not for profit organisation must satisfy all of the criteria, conditions and procedures identified in Council's *Rates Concession – Not for Profit Policy*.

Concealed leaks

Pursuant to section 122(1)(a) of the *Local Government Regulation* 2012, Council may resolve, at its discretion to allow a concession to a stated ratepayer for water consumption charges where they have applied for a concession in a way accepted by Council which satisfies the Council in terms of section 120(1)(c) of the *Local Government* Regulation 2012, that the payment of those water consumption charges will cause hardship to the ratepayer due to those water consumption charges, or part of those water consumption charges, having been attributed to a concealed leak. The criteria for eligibility for such a concession and the specific exclusions are detailed in Council's *Concealed Leak Remission Policy*.

ISAAC.QLD.GOV.AU ISAAC REGIONAL COUNCIL ABN 39 274 142 600 Page 30 of 36

COST RECOVERY FEES

Pursuant to section 97(4) of the *Local Government Regulation* 2012, cost recovery fees are fixed at no more than the cost to the Council of taking the action for which the fee is charged. The cost-recovery fees fixed by the Council are shown in the Register of Cost-Recovery Fees.

BUSINESS ACTIVITY FEES

Council has the power to conduct business activities on a commercial basis and make and collect business activity fees for services and facilities it provides on this basis. Business activity fees are made where Council provides a service and the other party to the transaction can choose whether or not to avail itself of the service. Business activity fees are a class of charge, which are purely commercial in application and are subject to the Commonwealth's Goods and Services Tax.

Business activity fees include but are not confined to the following: rents, plant hire, private works and hire of facilities.

OTHER FEES AND CHARGES

Fees other than regulatory fees are contained in Council's schedule of fees and charges. They are set at levels considered appropriate under the various legislative authorities.

DEPRECIATION

Depreciation and other non-cash expenses will be funded to the extent that they are recognised in Council's Accounts. Such funding will be a component of the accumulated surplus in the Appropriation Statement.

Council recognises a value for its roads and other infrastructure assets in its financial statements in accordance with the *Local Government Regulation 2012*. Council notes that the quantum of accumulated depreciation on such classes of assets may be beyond its capacity to fund fully and accordingly has identified assets that it will not replace when their useful life has expired.

ISAAC REGIONAL COUNCIL

Financial	Ratios	of the	Budget	

	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30	2030/31	2031/32	2032/3
	%	%	%	%	%	%	%	%	%	%
inancial Ratios										
Operating Surplus Ratio										
xtent to which operating revenue covers operational expenses. Target range 0 per cent to	10 per cent.									
ratio >0% indicates an operating surplus, these funds are available to maintain or increas	e council's capital valu	e.								
ratio <0% indicates an operating loss, results in opening capital value declining which has	s future sustainability is	sues.								
Net operating surplus										
Total operating revenue	0.9%	1.5%	1.5%	1.7%	1.7%	1.7%	1.6%	1.7%	1.7%	1.4%
sset sustainability ratio										
apital expenditure on replacement infrastruture assets acquired /depreciation on infrastru-	cture assets.									
Expenditure on Replacement Assets										
Depreciation expense	70.5%	94.7%	102.9%	98.0%	97.2%	97.2%	97.2%	97.2%	97.2%	97.2%
ndicator suggests percentage should be >90%.										
his indicator should be averaged over at least 10 years. Not an annual expectation.										
his calculation excludes the following non-infrastructure replacement assets - land and im	provements, buildings,	plant and equipmer	nt, .							
let Financial Liabilities Ratio										
Total liabilities-Current Assets										
Operating revenue	-5.5%	-6.0%	-7.6%	-9.6%	-11.5%	-13.0%	-14.6%	-16.3%	-18.2%	-19.6%
positive percentage <60% indicates a capacity to increase borrowings.										

A positive percentage >60% indicates a limited capacity to increase borrowings.

Maintenance of Council's Capital Value - Council's Sustainability Performance

This is the over-riding sustainability indicator - The maintainance of council's opening capital value each year.

	de each year.									
Opening capital value	1,097,749,221	1,122,252,062	1,129,568,304	1,134,654,251	1,139,539,003	1,143,180,599	1,147,415,789	1,151,598,156	1,155,606,420	1,159,698,725
Change in opening capital value	2,234,758	3,174,958	3,566,562	3,947,109	3,988,416	4,269,921	4,258,393	4,329,463	4,821,051	4,122,103
Balance of the opening capital value at period end	1,099,983,979	1,125,427,020	1,133,134,865	1,138,601,360	1,143,527,419	1,147,450,520	1,151,674,181	1,155,927,619	1,160,427,470	1,163,820,828
The opening capital value is calculated before recognising new capital income and inflation adju	stments during the ye	ear.								
A negaitve change over time will lead to a reduction in service levels and potentially sustainabil	ty problems.									
Asset Consumption Ratio										
Seeks to highlight the aged condition of council's infrastruture assets.										
Written down value of infrastructure assets	69.8%	68.0%	66.8%	65.6%	64.3%	63.2%	62.0%	60.9%	59.8%	58.7%
Replacement cost of infrastructure assets										
Infrastructure assets = road, bridge and drainage, water, wastewater, waste management, aero	drome.									
The lower the percentage the nearer replacement will need to take place. Guidance range betw	een 40% and 80%.									
Debt Payment Ratio :										
Debt servicing & redemption cost										
Total operating revenue	1.9%	2.3%	2.3%	2.2%	2.2%	2.1%	2.0%	2.0%	1.9%	1.5%
Revenue Ratio :										
Rate revenue										
	73.6%	73.5%	74.0%	74.0%	74.0%	74.1%	74.2%	74.3%	74.3%	74.3%
