

COVID Safe Businesses

Pre-easing of restrictions and ongoing

WHS Plans

(COVID Safe considerations for all businesses)

This is a requirement for all businesses to consider COVID-19 in their **existing Workplace Health and Safety (WHS) Planning**.

These plans are internal and not required to be submitted for approval, but should be made available when requested.

More info and guidance available from [WorkSafe Queensland](#).

From Stage 1 easing of restrictions and ongoing

COVID Safe Checklists

These are [specific checklists](#) for industries with a **high risk of transmission** identified by the Chief Health Officer as requiring a COVID Safe Checklist in the [public health directions](#).

From Stage 2 easing of restrictions and ongoing

Industry COVID Safe Plans

These are optional **industry wide plans** approved by the Chief Health Officer and published on the [COVID-19 website](#).

Relevant businesses can opt-in to compliance with these plans to **host additional customers on site** (while maintaining 4 square metres per person).

If you are an industry not previously restricted by public health directions, you do not need an industry plan.

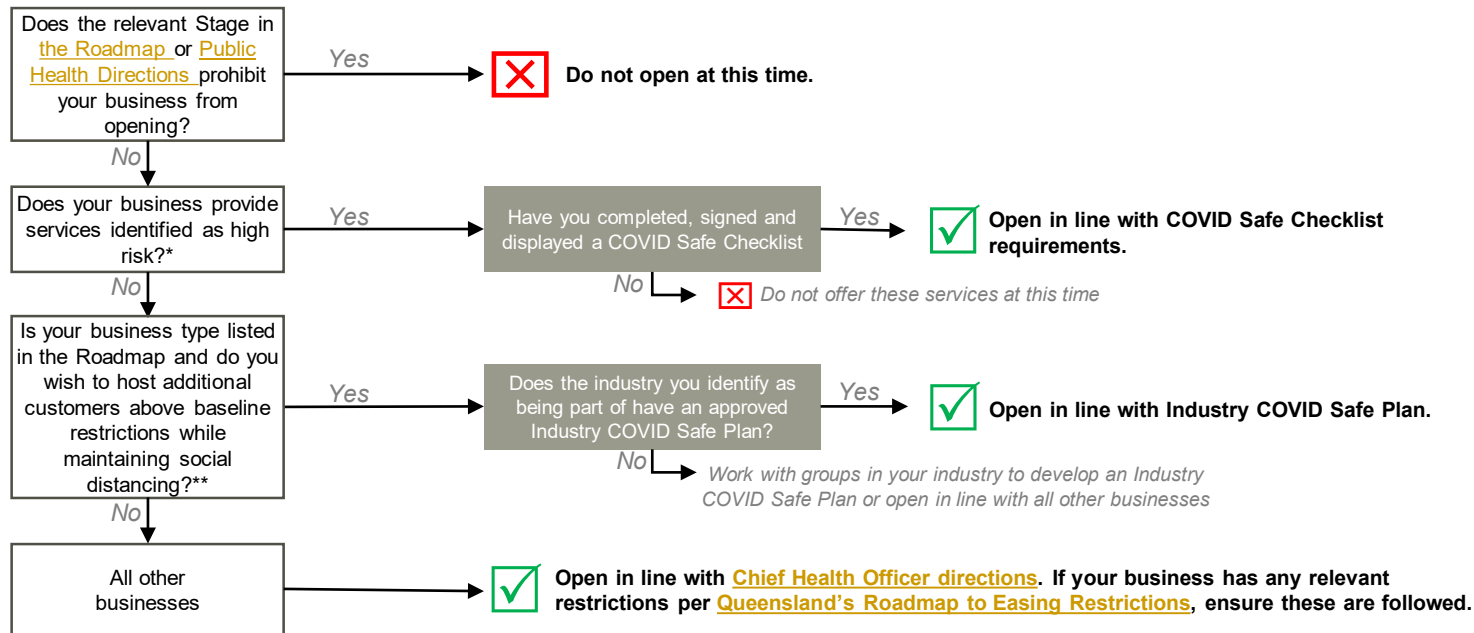

Site Specific Plans

These are site specific plans approved by the Chief Health Officer for **large and unique sites** listed in the FAQs and [public health directions](#).

Decision tree for individual businesses

! If your business has opted-in to compliance with an approved Industry COVID Safe Plan, you no longer require a COVID Safe Checklist.

! Check the Queensland [COVID-19 website](#) for approved Industry COVID Safe Plans.

! Businesses categorised as 'large and unique sites' can work directly with Government Agencies on their site specific COVID Safe Plans. For more information check the FAQs.

*Services considered by the Chief Health Officer as having a high risk of transmission have been identified as requiring a COVID Safe Checklist to open in the [Non-Essential Business, Activity and Undertaking Closure Direction](#).

**Baseline restrictions are outlined in [the Roadmap](#), social distancing includes maintaining four square metres per person.
