

# Clermont Hoods Lagoon Rejuvenation Project

February to June 2015

Enjoy long-term improvements to our natural, historical and recreational area in Clermont. Read more about it at [www.isaac.qld.gov.au](http://www.isaac.qld.gov.au)

1

## Anzac Memorial

- Level grounds for better access, more space and easy access
- Add seven new pillars with memorial plaques to tribute each major war and Anzac Centenary
- Maintenance of existing Anzac Memorials

A more comfortable and meaningful setting to reflect on and remember our diggers.

A healthy lagoon creates a natural harmony to enjoy for years to come.

## Lagoon Health Plan

- Fix bank-side erosion with retaining walls and levelling works
- Three aerators will help oxygenate the water and restore water health
- LED illumination will add to special events

2

3

## Changes to take in

- Council will consider changes to the board-walks
- New memorial plaque and tree to commemorate original 1916 bridge
- Natural management of pest species
- Footpath lights temporarily off

## Centenary Park into the Future

- Help us develop the future vision of Centenary Park
- Council will host opportunities to discuss new park features during March to June
