LEVIED CHARGE	\$13,920.00
----------------------	--------------------

TIME OF PAYMENT (Sec 122(1) (c) *Planning Act 2016*)

Prior to commencement of the use (Confirm charge amount prior to making payment).

ADJUSTMENTS TO THE INFRASTRUCTURE CHARGE

1. AUTOMATIC INCREASE PROVISION

An infrastructure charge levied by Council is to be increased by the difference between the Producer Price Index (PPI) applicable at the time the infrastructure charge was levied, and PPI Index applicable at the time of payment of the levied charge, adjusted by reference to the 3-yearly PPI Index average¹.

If the levied charge is increased using the method described above, the charge payable is the amount equal to the sum of the charge as levied and the amount of the increase. The total sum levied for any of the infrastructure networks cannot exceed the maximum adopted charge rate for that infrastructure network calculated for the additional demand of the approved development.

Upon request Council shall provide the indexation amount that needs to be added to the levied charge and confirm the total amount outstanding.

2. INFRASTRUCTURE AGREEMENT

An Infrastructure Agreement may apply in respect of this Infrastructure Charges Notice. The Infrastructure Agreement may be entered into before or after the Decision Notice is issued for the approved development. An agreement about either or both of the following may be entered into:

- a. payment other than as provided by Section 122 of the *Planning Act 2016*, for instance payment by instalment;
- b. provision of infrastructure instead of paying all or part of the levied charge.

In the event of an inconsistency between an Infrastructure Agreement and this Infrastructure Charges Notice, the Infrastructure Agreement may prevail pursuant to Section 157 of the *Planning Act 2016*.

3. FAILURE TO PAY

A levied charge for infrastructure fixed by a local government is, for the purposes of recovery, as per Section 144(1) of the *Planning Act 2016*. This is taken to be a rate within the meaning of the *Local Government Act 2009*. This means:

- a. an adopted infrastructure charge may be recovered by court action for a debt;
- b. an adopted infrastructure charge may be recovered from the person for the time being owning the relevant land, regardless of who was the owner or other person upon whom the charges was imposed;
- c. interest is payable on overdue payments (Compound annual interest at 11% calculated daily is to be applied on an overdue charge); and

¹ 3-yearly PPI index average is defined in schedule 2 of the *Planning Act 2016* and means the PPI index smoothed in accordance with the 3-year moving average quarterly percentage change between quarters. PPI Index is the producer price index for construction 6427.0 (ABS PPI) index number 3101 – Road and Bridge construction index for Queensland published by the Australian Bureau of Statistics.

- d. if a levied charge is unpaid for 3 years, the land can be sold to recover the outstanding charges.

OTHER MATTERS

1. LAPSING OF INFRASTRUCTURE CHARGES NOTICE

This Infrastructure Charges Notice stops having effect to the extent the approved development stops having effect.

2. GOODS AND SERVICES TAX

The Federal Government has determined that rates and utility charges levied by a Local Government will be GST free. Accordingly, no GST is included in this Infrastructure Charges Notice.

3. APPLICABLE OFFSETS AND REFUNDS

Infrastructure offsets and refunds apply when developers are required to provide trunk infrastructure. These may be physical works (such as a sewer main) or land to accommodate infrastructure (for a future road upgrade). The infrastructure (or land) requirement will be conditioned as part of a development approval. In those circumstances, the cost of that trunk infrastructure will be offset against any infrastructure charges payable under the development approval (as an Infrastructure Charges Notice will still be issued where adopted infrastructures apply). Where the cost of providing the trunk infrastructure is greater than the infrastructure charges, a refund will be paid to the developer.

There are no offsets or refunds associated with this approved development.

4. RATIONALE FOR ISSUE OF INFRASTRUCTURE CHARGES NOTICE

Isaac Regional Council has issued this Infrastructure Charges Notice as a result of additional demand placed upon trunk infrastructure that will be generated by the approved development.

Application of an offset or refund

Pursuant to Section 121(1)(f) of the *Planning Act 2016* an Infrastructure Charges Notice must state information about the offset or refund where a development approval includes a condition(s) to provide necessary trunk infrastructure and an adopted charge applies to the development.

Where the establishment cost for the trunk infrastructure is equal to or less than the levied charge, the cost will be offset against the levied charges (an **offset**).

Where the establishment cost for the trunk infrastructure is more than the levied charge and the trunk infrastructure has been provided:

- a) there is no amount payable for the development approval; and
- b) Council will provide a refund to the applicant for the difference between the establishment cost of the trunk infrastructure and the levied charge (a **refund**), in accordance with the provisions of the Charges Resolution.
