

Glenden

Raw water for Glenden is provided from the Bowen River which can be refilled from Gattonvale off-stream storage and/or Eungella Dam.

Nebo

Nebo's raw water is supplied through six bores. The Water Treatment Plant and reservoir have 2ML storage on site.

Carmila

Raw water is supplied from two shallow bores located near the Carmila Creek approx. 1km from the Water Treatment Plant.

Moranbah

Moranbah's raw water is supplied from:

- Burdekin Dam through the Burdekin to Moranbah pipeline; or
- Eungella Dam through either BM Alliance Coal Operations Pty Ltd (BMA) or Sunwater pipelines.

Isaac Regional Council (Council) has a Water Supply Agreement with BMA dated 19 February 2016 for a term of ten (10) years with three (3) further five (5) year options to renew. Under this agreement, Council can access up to 1825ML per year at a Tier 1 cost and a further 375ML at a Tier 2 cost.

St Lawrence

St Lawrence's raw water is supplied through a high lift pump from the St Lawrence Creek approx. 500m upstream from the creek weir.

Clermont

Clermont's raw water is supplied from Theresa Creek Dam

Dysart

Dysart's raw water is supplied from Bingegang Weir on the Mackenzie River which can be re-filled from Fairbairn Dam through Beford Weir.

Middlemount

Middlemount's raw water is supplied from the Bingegang Weir on the Mackenzie River approx. 60km away. The weir is re-filled from Fairbairn Dam through Bedford Weir.
